

PC COMMUNITY SERVICE REPORT

Community Service Requirement- Every student is required to perform twenty hours of community service each school year. Ten hours must be reported each semester by the due date stated in the *Student/Parent Handbook*. Failure to complete this requirement will result in a reduction of the student's Bible grade.

What is community service? Community service is unpaid work, done for someone other than your immediate family (parents, grandparents, brothers and sisters), and for no other credit or reward. Students may use two hours from each school service day for each semester towards the twenty hour community service requirement. If there is any doubt about what you are doing for community service, please ask your Bible teacher before you do it.

Student: _____ **Grade:** _____

Bible Teacher: _____ **Period:** _____
