## ART300 Advanced Art

### Course Scope & Sequence

#### **COURSE DESCRIPTION**

Advanced Art provides a continued development of the skills and techniques learned in Art 2. Project difficulty increases and a higher level of skills are expected.

#### **REQUIRED TEXTS AND \*KEY SUPPLEMENTAL MATERIALS**

Instructional materials will be provided as needed.

#### **COURSE SCOPE AND SEQUENCE**

Students may discuss with the instructor projects they would like to do. If they have no ideas, the following projects may include those listed below. Students may choose to focus on a specific medium and work in that medium for the semester.

*Assessments:* For students who select this option of the class, projects will be graded on completion, neatness and creativity. All projects must be original works.

*Biblical Integration:* Students are accepted at this level because God has given them a gift, or an ability to create and work with different media competently. They are encouraged to use those God given gifts, not only to do work that glorifies Him, but to do work that is pleasing to them, and to push their talents to the max.\*

(All Biblical Integrations are the same for the class, regardless of the medium or assignments they choose.)

#### **First Quarter**

Individual Projects 9 Weeks

*Key Concepts:* Students will begin to focus and explore media that they feel is their chosen gift. Students may choose to work with colored pencils, pastels, charcoal, graphite, oils, tempera, water colors, or any other approved media.

*Assessments:* Finished projects.

#### **Second Quarter**

Individual Projects 9 Weeks

*Key Concepts:* Students will explore media that they feel is the area they want to concentrate on. Students may choose to work with colored pencils, pastels, charcoal, graphite, oils, tempera, water colors, or any other approved media.

*Assessments:* Finished projects.

#### **Third Quarter**

Individual Projects—Clay and Crafts 9 Weeks

*Key Concepts:* Students will explore media that they feel is the area they want to concentrate on. They may choose from clay, working on the potter's wheel, or an enormous assortment of craft projects

*Assessments:* Individual Projects

## Fourth Quarter

Individual Projects—Crafts

9 Weeks

*Key Concepts:* Students will explore media that they feel is the area they want to concentrate on. They may choose from an enormous assortment of craft projects

*Assessments:* Individual Projects
