

Phoenix Christian Jr/Sr High School Foreign Language Philosophy Statement

The Lord has given mankind the gift of language. We believe that Phoenix Christian students have the ability to communicate in languages other than English.

Our goal is for our students to both communicate in another language and come to understand the culture of those from other countries. In addition, students will be prepared to share the Gospel with non-English speaking people using Bible verses they have memorized in Spanish. We hope that students will use this ability in their future work and ministry.
