

What We Teach

At Phoenix Christian Preschool we understand that kids learn with their whole bodies; exploring, discovering, and moving! Our age-appropriate curriculum is designed to meet each child where they are socially, emotionally and academically. Our teachers incorporate this into each aspect of the day—Circle Time, Structured Activities, Free-Choice, and Outdoor Classroom Time—providing their students with meaningful interactions and encouraging them to think in deeper and more creative ways. Our low teacher to child ratios allow teachers to have quality time with individual students and meet their needs academically, socially, and emotionally.
