

February 22, 2021

Dear Home-Based Learners & Families,

Home-Based Learning at Phoenix Christian has provided students and families with the ability to successfully continue their academics from home as the world and our community navigated these unprecedented times. It has been our joy to provide this for a season.

As COVID cases continue to significantly decrease in Maricopa County, Home Based Learning will come to an end on **March 29**. We will continue to monitor number of cases as we draw closer to this date.

If students need to continue Home-Based Learning, the student or family member in the household must have a medical reason for this choice and a formal letter of request must be submitted to the school by **March 11**. This letter can be submitted to jbirdwell@phoenixchristian.org or jgraden@phoenixchristian.org.

Our hope is to provide spiritual, social, and emotional support to all our students; we can best provide this through in-person instruction. We look forward to having your child back on campus. They have been missed!

Phoenix Christian continues to enforce COVID safety protocols which can be found on the homepage of our website.

If you have further questions at this time, please contact us at jgraden@phoenixchristian.org or jbirdwell@phoenixchristian.org.

We are thankful to partner with you and your family!

Thank you,

Jaya Birdwell
HB Connect Coordinator/International Director

Jeannine M. Graden
MS/HS Principal
