DECLINE TO SIGN ANY ESA BALLOT MEASURE

What is an ESA?

Empowerment Scholarship Accounts (ESAs) give 90% of the state budget's funds per student directly to families to pay for private school tuition, home education, tutors, curriculum, therapies, and more. Any student in grades K-12 can receive an ESA.

The Anti-ESA measure would:

1. Kick tens of thousands of students off the ESA program
2. Disrupt special needs students
3. Take scholarship money away from kids whose families responsibly spent and saved
4. Drown parents in regulatory paperwork
5. Destroy private school freedom

You'll hear ads claiming ESA money is unaccountable. **The real fraud rate? 0.3%** – far lower than Medicaid, food stamps, or unemployment insurance.

102,000+ Arizona K-12 students and counting use an ESA

66% of Arizonans (and 75% of K-12 parents) support ESAs*

Tens of thousands of AZ K-12 students attend a private school
